

MEMBERSHIPS & LICENCING OFFICER'S REPORT/IKC DELEGATE REPORT

MEMBERSHIPS:

So far this year there have been approximately 200 members who have either renewed their membership or become new members. Our new members make up almost one quarter of this number. The list of new members for this month, so far are attached for approval, as per our Constitution.

Of those new members, 4 have come from our recent, very successful, Come & Try day. And, I have been advised that there will be further new members to come out of this in the near future. The down side of this is that we are down around 20 members for the same time last year. Yesterday, I sent out reminder emails to those of our members whose membership is due in May.

LICENCING:

The new system of applying for new licences and membership online is proving to be successful, and renewing Club memberships can also be done this way. However, I am still requesting an Ipswich Club Membership form to be forwarded to me, as the automatic email I receive from the CMS online system when a new member joins, or renews with Ipswich Club, doesn't give me ALL of the relevant information I need.

IKC DELEGATE REPORT:

As there has not been a Karting Qld State Council Meeting this year, I do not have anything to report as yet. However, I will be attending the first one for this year next weekend. As I am unable to attend our General Meeting today, I have asked of Joanne to make sure that the SKC agenda items on today's agenda are discussed. Joanne will advise me of the outcome and how the Club wishes me to vote on the submissions. If there is anything that the Club wishes me to bring up that is not on the agenda for the SKC meeting, I will also do that, if the SKC Club Delegates decide to accept discussions from the floor.

Maureen Capri

IKC Memberships & Licencing Officer/IKC Club Delegate.
