

Report from Secretary - Tanya Trost 21.4.18

I send my apologies that I can't be there in person today – I have a prior work commitment in Adelaide.

First and foremost, I would like to say a huge thanks to the Committee for their warm welcomes and their assistance to my never ending questions. A special thanks, from me, must however go to Jo Phillips. We as a club are so very lucky to have someone so dedicated and with so much passion working tirelessly behind the scenes, whose work mostly goes unnoticed. For me personally she has been a fund of information, assistance and support – so thank you.

It's been a big start for us as a new Committee, with lots of activity happening all round.

The working bee and general meeting has been our main focus at the moment and we have worked hard to ensure that these run effectively and efficiently, and ensure the members have the information that they require as well. Many thanks to all who attended the working bee today and for those behind the scenes offering services. This will be an ongoing endeavour as we create a Facilities Maintenance Group. Any members that feel that they have some spare time and wish to join as part of a social group that will endeavour to complete maintenance around the facility. Please contact Norm or Matt via the Secretary email.

The next priorities are of course Pro Tour and the next race meeting - planning for these events are well under way.

A number of members have enquired as to whether Agenda Items can be submitted anonymously and I respect this. We have tried to research or provide information when a query has been submitted, however this is not always possible.

We are trying to create an environment of transparency and improve communication and consultation with Members. So most importantly, I would love to hear from you about your ideas and suggestions for our Club to move forward.

Thank you to everyone for your attendance today, and I look forward to seeing how the Club looks next week.

Tanya
